There's a place...where I should go  
If it ain't real...then I don't wanna know  
And in that place....that I've dreamt about  
There's one way in...and so many out  
There's no map...that's big enough  
to show the scale....of all this love  
that I feel....every time you breathe  
everytime....you tell me what you need.

It's all in my eyes  
It's all in my eyes  
It's all in my eyes

I've made mistakes.....I hope they're in the past  
But if I slip....I'll get up real fast  
so I don't miss....the slightest thing you do  
so leave some crumbs....and I'll follow you

It's all in my eyes  
It's all in my eyes  
It's all in my eyes

And I.....have lost the sun  
'Cause I have lost.....more than I have won  
But I believe.....that there's a plan  
And if God laughs....Then I will understand.....I'll  
understand

There are snipers in the grass and they're shooting  
down all lovers  
But they'll never aim at us 'cause they'll never see us  
comin'  
And we'll take away their guns and then we'll take off  
runnin'  
to a place that's real.....a place I've seen

In your eyes  
It's all in your eyes  
It's all in your eyes

It's all in your eyes

It's all in your eyes  
It's all in your eyes
