I'm David Makalaster  
Your ten o'clock newscaster  
And the shit has  
Just hit the fan

I'm David Makalaster  
Your ten o'clock newscaster  
There's a scrouge  
Trampin' cross our land

The film I'm about to show you  
Will fill and overflow you  
With a rage that's  
Beyond command

I'm David Makalaster  
Your ten o'clock newscaster  
Good evening and  
Here's what's new

Wouldn't it be so nice  
To live in a world  
Where everything's exactly  
How it seems

But we live in a world  
Where bastards come along  
And piss on your dreams

About the things that make ya happy  
The things that make ya smile  
Get off your ass  
Vengeance is back in style

I'm David Makalaster  
Your ten o'clock newscaster  
And perhaps you didn't  
Hear me right

I'm David Makalaster  
Your ten o'clock newscaster

Every man Jack of you  
Should volunteer to fight

If I were only ten years younger  
I'd slake this vengeful hunges  
And rest assured we'd all  
Sleep safe tonight

This is David Makalaster  
Your ten o'clock newscaster  
Good evening and God bless you

Wouldn't it be so nice  
To live in a world  
Where everything's exactly  
How it seems

But we live in a world  
Where bastards come along  
And piss on your dreams

About the things that make ya happy  
The things that make ya smile  
Get off your ass  
Vengeance is back in style
