1,2,3,4 Ooh.....

Brother can you see?

Brother do you see the children dying?

Brother do you try and understand?

All of the horrors behind the crying

Why do we do these things to each other?

Do thy see and do offer help?

The more I know

We've got to understand

Brother I fear we got to let love rule....

Sister can you see?

Sister do you see the children dying?

Sister do you try and understand?

All of the horrors behind the crying

Why do we do these things to each other?

Do thy see and to offer help

The more I know

We've go to understand

Sister, I fear

We've got to let love rule
