Was it worth all this heartache?
All this heartbreak for the sake of not
Admitting we were both wrong
Do you look back in hindsight ?
Through the twilight at everything we've both done
And I come from the heart when I tell you

You are the one
You are the one who holds my heart into your
sweet little hands and wraps me up into a paper doll
I crumble in your hands
You are the one who can tear me up and rip me out

Was it worth all this trying and complying?
For the sake of not admitting we were both wrong
Can we meet at the half-line where it's all fine
And I come from the heart when I tell you

You are the one
You are the one who holds my heart into your
sweet little hands and wraps me up into a paper doll
I crumble in your hands
You are the one who can tear me up and rip me out

You can dress me up but you can't own me
Wrap me up and make me feel so lonely
Hold me in you hands and you crush me
A paper doll who's at your mercy

You are the one
You are the one
