The Father smiles, and sheds a tear  
A tear of joy that's just for you  
He gathers all of Heaven near  
And tells them of your wondrous news

Heaven and Earth are telling a story  
A new soul is forgiven  
There's a new name written in glory  
Can you feel the rhythm?  
Can you feel the rhythm...

As Angels dance, run and leap  
Pirouette down golden streets  
Like lonely hearts that find romance  
All Heaven sighs when angels

They Clap there hands  
And Laugh out loud  
And then they sing as glorious song  
They strum their harps

And spread their wings  
And I can't help but sing along

Dancing down the streets of the Holy City  
Moving to the music of a heavenly beat  
I can hear the angels singing Hallelujah  
Moving their hands, moving their feet

Heaven and Earth are telling a story  
A new soul is forgiven  
There's a new name written in glory  
Can you feel the rhythm?  
Can you feel the rhythm...

Angels dance  
Run and leap  
Pirouette down golden streets  
Like lonely hearts  
All heaven sighs and angels dance  
Oh, heaven sighs and angels dance
