I wanna see your body moving like a helicopter
This beat is "straight show stopper"
No doubt club rocker
We take it up to the top
Ah!
We gonna party on this from night 'till day
Come closer it'll be ok
Feel this baby
Imma let the beat take you away

Suddenly I feel
Love is all around
Gimme all your love
Gimme all you got

Suddenly I feel
Feel it never stop
Gimme all your love
Gimme all you got

Baby let me hold you tight
Let me hold you tight
Take me for another ride
Just another ride
Tell me you will be mine
For the rest of your life, your life, your life yeah!

Oh oh oh
Everybody c' mon let's party, let's party, party...

Suddenly I feel
Love is all around
Gimme all your love
Gimme all you got

Suddenly I feel

Feel it never stop
Gimme all your love
Gimme all you got

When I'm coming over you
You make me feel no pain
Even when I'm holding you
You take it all away
I don't wanna play with you
My love is not a game
I'm missing your love everyday

Oh oh oh Everybody let's party, let's party, party...

Suddenly I feel
Love is all around
Gimme all your love
Gimme all you got

Suddenly I feel
Feel it never stop
Gimme all your love
Gimme all you got
