Hold me hold me tight baby kiss me kiss me right
Don't you worry don't you cry you can love me it's
alright
Cause somebody's cryin' lovin' leavin'
Somewhere in this big ol' world tonight
Somebody's cryin' lovin' leavin'
So let's just keep lovin' and it's gonna be alright
[guitar]
Touch me don't be shy come on and kiss me I won't
bite
Look out your window and you will see someone feelin'
like you and me
Somebody's cryin' lovin' leavin'...
Baby let's just keep lovin' and it's gonna be alright
alright
