Shameful lies shameful lies are the only things that
keep me by your side
Shameful lies shameful lies how long can I keep
believin' your shameful lies

You tell me you love me but darlin' I know
You don't really want me and it's hurtin' me so
But I'd rather be lonely than be a fool
So if you don't love me darlin' tell me the truth
Shameful lies...
[guitar]
You're out with another and playing your games
Have you no mercy have you no shame
If you don't really want me then just tell me so
Cause here in my heart I already know
Shameful lies...
How long can I keep believin' your shameful lies
