She started to miss me
So damn much
She started getting angry
For no apparent reason
She refused to kiss me
She refused to touch me
I would do anything to touch her one last time

You know it can't be right
To watch me fade into the knight

Chorus:

It's alright, It's ok
Never needed anyone anyway
Someday, Maybe
You will stop, turn and look my way
And watch me fade away
Fade away, Fade away
Your better off walk away

She started insisting
i leave her alone
And changing her mind is like
Squeezing blood from a stone
So used to losing
She'e afraid to win
And making her mine
Is when our life begins

You know it can't be right
To watch me fade into the night

Chorus:

Indian style on the bedroom floor
Getting a kiss and wanting more
We all know how the story goes
Indian style on the bedroom floor,
Getting a kiss and wanting more
I don't understand this girl

Understand this girl
Understand this world

Chorus
