Nobody's safe 'round here, no more  
Drag this lonely boat from the shore  
Cut the ropes that bind me  
To save the ones behind me  
Nobody's safe 'round here, no more

No time to wait and see  
I live this life for me

Rise and fall, climb the walls  
Won't stop till I have it all  
Persistence, resistance  
One man can make a difference

The battle's inside of me  
The fight's begun but not yet won  
And I won't become one more casualty  
Oh, one more casualty

The need to find my destiny  
Drop my anchors, set me free  
You don't know how it feels  
'Till your hand's on the wheel  
Drop my anchor, set me free

Rise and fall, climb the walls  
Won't stop till I have it all  
Persistence, resistance  
One man can make a difference

Battle's inside of me  
The fight's begun but not yet won  
And I won't become one more casualty

Nobody says we're free  
We're drifting through the questions  
Swimmin' for the answers

Tryin' to keep my sanity  
Till I reach my destination  
And bring you here with me

And I'll make you believe  
I have control but if I lose myself  
How can I save you?

Rise and fall, climb the walls  
Won't stop till I have it all  
Persistence, resistance  
One man can make a difference

Rise and fall, climb the walls  
Won't stop till I have it all  
Persistence, resistance  
One man can make a difference

Rise and fall, climb the walls  
Won't stop till I have it all  
Persistence, resistance  
One man can make a difference

The battle's inside of me  
The fight's begun but not yet won  
And I won't become

The fight's begun but not yet won  
And I won't become one more casualty
