Alone, days in my room alone
'Cause no one's ever home
All I want is someone to talk to
And hear, hear what I have to say
Tell me the pain will go away
I need someone
So please come quickly

But there's no one here
To break my fall
There's no one here
To pick me up off the floor
I needed you, believed that you
Could rescue me
Call of distress
Mayday, mayday

Go, why did you have to go
You ran away from me
You knocked me off my feet
Blame, there's no need to blame
The reasons will never change what happened
In my room today

But there's no one here
To break my fall
There's no one here
To pick me up off the floor
I needed you, believed that you
Could rescue me
Call of distress
Mayday, mayday

No one's ever home
And I'm always alone

You, my room will remind you
Deflated helium balloons
Distant birthday when I was happy
And you, you will be alright
It'll just take time

But there's no one here
To break my fall
There's no one here
To pick me up off the floor
I needed you, believed that you
Could rescue me
Call of distress
Mayday, mayday

But there's no one here
There's no one here
But there's no one here
No there's no one here
