"Hold On"

You've been trapped and can't escape
You been sad and losing weight
I can't believe what's happened to you in one year, one
year

You used to shine as bright as day
Seasons change and your skies turn grey
I can't believe what's happened to you in one year, one
year

Hold on to your head
When your heart is broken
Clouds will clear and the sun will shine
Once again
Hold on to my hand
If you feel like jumpin'
I will be here till the end of time

It all started on that day
That your best friend passed away
I can't believe what's happened to you in one year, one
year

All the hours of tears you cry
Beautifully they stain your face
I can't believe what's happened to us in one year, one
year

Hold on to your head
When your heart is broken
Clouds will clear and the sun will shine
Once again
Hold on to my hand
If you feel like jumpin'
I will be here till the end of time

Till the end of time

Hold on to your head
When your heart is broken
Clouds will clear and the sun will shine
Once again

Hold on to my hand
If you feel like jumpin'
I will be here till the end of time

Hold on to your head
When your heart is broken (hold on)
Clouds will clear and the sun will shine
Once again
Hold on to my hand
If you feel like jumpin' (hold on)
I will be here till the end of time
