I don't wanna go through this life
Without you by my side
And I got it all worked out
In my head here's how it's got to be

It'll be you and me
Up in the trees
And the forest will give us the answer
It'll be you and I
Up in the sky
It's a combination for disaster

We, we make believe
In a world we rule together
We can build our dreams
With a knot tied tight to last forever

It'll be you and me
Up in the trees
And the forest will give us the answer
It'll be you and I
Up in the sky
It's a combination for disaster

Yeah, yeah, yeah, yeah yeah, yeah
We got one shot
So let's use our imaginations
Yeah, yeah, yeah, yeah yeah, yeah
You're all that I got
So where do we go from here

It'll be you and me
Up in the trees
And the forest will give us the answer
It'll be you and I
Up in the sky
It's a combination for disaster

I know there's more for us in this life
If we hold on, if we hold strong
I know there's more for us in this life

Can we hold on, can we hold on
