Srce je moje zagrlio muk
Sa violina viÅše ne dolazi zvuk
Tama je prekrila potonuli grad

Time has become my worst enemy
All through the years there was nobody to set me free
For this pain, captured me forever

Ref:

Nikad viÅše moje oÅ“i neÅ“e jutra vidjeti
Bez tebe nikad viÅše neÅ“u disati
Loosing our sacred love is what I'll never forgive
myself
And I will never, never be the same

You are the bliss of my memory,
When I close my eyes the only thing that I see
Now I know, you were kissin' a fool

Siva je boja moje ljubavi
U meni sreÅ“a veÅ“i odavno ne postoji
Zadnji si osmijeh u meni slomio ti

Ref:

Loosing our sacred love is what I'll never forgive
myself
'cause there is no one that could ever take your place
Nikad vise moje oÅ“i neÅ“e jutra vidjeti
Bez tebe nikad viÅše neÅ“u disati
