Quite a few years ago he took a few fish and a couple  
loves of bread and  
Fed a few thousand folks so they say  
He turned some water into wine,  
Gave sight to blinded eyes  
Died and found a way to rise on the third day  
They wrote a book about the miracles He performed  
while He was with them  
Some say He don't do em anymore, well I beg to differ.

(Chorus)

He's turning crack heads to preachers  
Hookers to choir singers, hell raisers to believers, right  
our eyes.  
He's turning whiskey into diapers, cocaine to washers  
and dryers  
We can't touch His hand and we can't see His face  
Oh but He's still doing miracles today.

I've seen hardcore men turn tender and party all week-  
enders  
Fall to their knees and surrender and forsake it all  
And how about those flowers in the spring, another  
baby born with a healthy  
Heartbeat, and reaching down and finding me one  
wondering lost  
He's never stopped pulling off amazing works on His  
kids  
Why just ask my friend Jeremy what the good Lord did  
for him.  
He turned his cancer into history, doctors said it was a  
mystery  
Now he's married to a girl named Jenny with two kids  
they weren't suppose  
To have. it's been ten years since he walked out of  
there, experts say he  
Didn't have a prayer. But that changed one night in  
room 305 when his Memaw  
Prayed. Yea He's still doing miracles today.

(Repeat Chorus)
