When you're all alone and blue
And you don't know what to do
Call me up and I'll come calling on you
When you're all alone at home
And no one calls you on the phone
Call me up and I'll come calling on you
When there's a teardrop big and round
In your eyes so big and brown
And your little old heart's about to break in two
Well, I know you know, we know that we know
I'm in love with you
Call me up and I'll come calling on you

When the world seems out of place
And it tumbles in your face
Call me up and I'll come calling on you
When your love affair goes wrong
Come on back where you belong
Call me up and I'll come calling on you
Give me just a half a chance
Let me save our old romance
To be the one there's nothing I won't do
Well I'm for you, for me for evermore
I'm in love with you
Call me up and I'll come calling on you
