Well, I've got to forget you if I'm goin' to survive  
You're memory's slowly killin' me, it's killin' me alive  
Well, you're too much woman to forget in just a day or  
two  
And I'll have to make some changes  
If I'm gonna get over you

I've gotta try and love someone  
Who dosen't look like you  
Who dosen't do love's little things  
The way we used to do

Well, I'm a-lookin' for a way out of this prison that we  
built  
This kinda life is filled with heartaches, memories and  
guilt  
Well, I've gotta smother all the things that make me  
think of you  
And I'll have to make some changes  
If I'm gonna get over you

I've gotta try and love someone  
Who dosen't look like you  
Who dosen't do love's little things

The way we used to do

Well, I'm a-lookin' for a way out of this prison that we  
built  
This kinda life is filled with heartaches, memories and  
guilt  
Well, I've gotta smother all the things that make me  
think of you  
And I'll have to make some changes  
If I'm gonna get over you  
Yes, I'll have to make some changes  
If I'm gonna get over you
