Little robin are you ever lonely and blue  
Has your lover gone with somebody new  
Or will she return when nighttime is near  
To cuddle up closer and ever so near

You look so lonely up there in the tree  
Won't you be friendly and sit here with me  
I cry when I see her out walking with him  
Like you little robin I'm out on a limb

You look so lonely up there in the tree  
Won't you be friendly and sit here with me

I cry when I see her out walking with him  
Like you little robin I'm out on a limb
