Love's gone away  
She never wanted to stay  
Hours go by each one seem like a day  
When love's gone away.

My eyes look but they don't see  
Blinded by her memory  
Bitter tears falling as I keep recalling  
How she took her love from me.

Love's gone away  
She never wanted to stay  
Hours go by each one seem like a day  
When love's gone away.

My eyes look but they don't see  
Blinded by her memory  
Bitter tears falling as I keep recalling  
How she took her love from me.

Love's gone away  
She never wanted to stay  
Hours go by each one seem like a day  
When love's gone away.

Love's gone away  
She never wanted to stay  
Hours go by each one seem like a day  
When love's gone away...
