Merry, merry, merry little Christmas bells are ringin'
And all the happy, merry little carolers are singin'
'Cause it's Christmas time again, a time to bring the
yule log in
So have a merry Christmas, my friend

Crisrier, wispier the winter winds are blowin'
And everywhere you go a little holiday is showin'
'Cause it's Christmas time again, a time for peace,
good will to men
So have a very merry Christmas, my friend

Papa's kissin' Mama 'neath the mistletoe
Grandpa's had a touch of Christmas cheer
Grandma's just pretending that she dosen't know
'Cause it's that very special time of year

Merry, merry, merry little Christmas bells are ringin'
And all the happy, merry little carolers are singin'
'Cause it's Christmas time again, a time for peace,
good will to men
So have a very merry, merry Christmas, my friend

Papa's kissin' Mama 'neath the mistletoe

Grandpa's had a touch of Christmas cheer
Grandma's just pretending that she dosen't know
'Cause it's that very special time of year

Merry, merry, merry little Christmas bells are ringin'
And all the happy, merry little carolers are singin'
'Cause it's Christmas time again, a time to bring the
yule log in
So have a very merry, merry Christmas, my friend
(have a very merry, merry Christmas)
Have a very merry, merry Christmas, my friend
