When you're far away from home  
When you're blue and all alone  
There's an old friend, a real friend  
Who loves and misses you.  
When you're down to your last dime  
And there's nothin' left but time  
There's an old friend, a real friend  
Who loves and misses you.  
When by new friends you've been taken  
And old friends, forsaken  
There is one friend you can turn to  
Until your skies are blue.  
When you're down to your last dime  
And there's nothin' left but time  
There's an old friend, a real friend  
Who loves and misses you.  
When by new friends you've been taken  
And by old friends, forsaken  
There is one friend you can turn to  
Until your skies are blue.  
When you're down to your last dime

And there's nothin' left but time

There's an old friend, a real friend

Who loves and misses you...
