The sea and me keeps lonely company  
The tides have come and gone just like your love for  
me  
The trade winds say that you'll come back someday  
I think there's solitude they held take you away

Gone are the moments on dark sandy beaches  
Where we get our secret rendezvous  
The breakers play on coral sands that say  
We'll bring her home again the wind, the sea and me

[ steel ]

Gone are the moments on dark sandy beaches  
Where we get our secret rendezvous  
The breakers play on coral sands that say  
We'll bring her home again the wind, the sea and me
