Alone here at home while you're free to run and roam  
There's no use in tryin' to make my dreams come true  
You have always lied to me, my darlin' I can't see  
Any reason for my stayin' here alone

I never start our quarrels and I never rush off mad  
I'm the one that asks forgiveness, to love you makes  
me glad  
Life isn't worth it's troubles when when you're livin' with  
regret  
Sometimes I wish that we had never met

After all I've been to you seems you'd be just halfway  
true  
That's expectin' too much from a cheat like you  
But I know someday you'll care and, my dear, I won't be  
there

And you'll be the one who sits alone and cries

Alone and so blue and so much in love with you  
Why, oh why did God make such a fool as I  
Though your love has been untrue I'm still in love with  
you  
And I guess I'll love you till the day I die
