We're not in love
We haven't had the time to fall
Just a few stolen moments
And that is all
To fall in love
Would complicate our lives, you know
We're not in love
But we're gettin' mighty close

We're gettin' close
When I can't sleep
'Cause you're not near
We're gettin' close
When losin' you
Is my greatest fear
I live my life for you alone
And Heaven knows
We're not in love
But we're gettin' mighty close

We're not in love
But we're gettin' mighty close
