Why all this tonight?
You came at me like rigid fire,
And you anger just for a while,
I wish you'd stop I'm way too tired.

Oh Oh O-Oh

Where was my freedom that I wished to you
You took it form me like it's ready to loose
You took my ride

I seen it in your eyes
You came at me like rigid fire
And now I can say

A kiss to her hair
Confident, yes he was
Her lips she licked again
She's a liking the attention
And now they go away, away from here she'll take
anything that she can
And I always do you now, now I know what you like
I just walk away
And I walk away

And I feel it rising up
I found it's her round every corner
And I wish it all the ways
Everyone deserves to wonder

Oh oh o-oh

Where was my freedom that I wished to you
She took it form like it was ready to loose
You took my ride
I seen it in your eyes
You came at me like rigid fire

And now I can't say

A kiss to her hair

Confident, yes he was
Her lips she licked again
She's a liking the attention
And know they go away,
Away from here she'll take anything that she can
And I always do you now, now I know what oyu likeand I
an di walk away
I just walk away and I walk away
