Nobody ever noticed her, then I
See her go down below
So take my hand get off from there
So we can rock and roll
And I catch a little smile from you
And now I see she's wanting more, more
Just a little more, more
And all we do is rock and roll
And all we do is rock and roll
And all we do is
Yeah second to none
We're havin some fun, are you?
And you know you've got to get yourself
Flat on the floor
Shake it some more, kiss it
You dont ditch, you know that you will regret it
Like the ones, where are they now?
Down in their box below.
Like the ones, where are they now?
Down in their box below.
No, no, no, no
yeahhhh
ohhhhh
And all we do is rock and roll
And all we do is rock and roll
And all we do is rock
Packing my bags,
I'm leaving here now,
It's time for us to hit the road.
I wish I could stay longer, but now
We got to go and play some shows.
And when i give her a kiss I,
And I just keep wanting more, more
Just a little more, more
And all we do is rock and roll
And all we do is rock and roll
And all we do is rock
Like the ones, where are they now?
You know you gotta get yourself...
Like the ones, where are they now?
You know you gotta get yourself up.
