She's up man she's walking out the door act like I don't
no at all woman all I need is sleep and I'm glad we got
the chance to meet and it's time to get out of bed time
to wake up use my head and I love the way she walks
as she's walking out the door and I love the way the
don't talk as she's walking out the door as she's
walking out the door.

For time man youve got to pick me up last night I just
hear to much and I'm lost up in my way man I wish I had
the words to say all for what I think went on man wer ei
got em from and I faught out my will and I woke up it all
sound real and I love the way she walks as she's
walking out the door and I love the way she don't talk
as she's walking out the door as she's walking out the
door.

Ohh mmmm na na yehh

Nahhhwoooo

All she ever thinkgs about and all she ever nos was that
I was there waiting for you and all she ever thinks about
and all she ever nos is that I was there waitingg and I'm
so so glad as she's walking out the door.

She's up man she's walking out the door act like I don't
no at all woman all I need is sleep and I'm gald we got
the chance to meet and it's time to get out of bed time
to wake up use my head and I love the way she walks
as she's walking out the door and I love the way she
don't talk as she's walking out the door as she's
wallkgingg as she's walkingg
