Lazy like a sleeping panther  
Adelle Yvonne, I can't trust your answer  
The folly of the crippled dancer  
Tricked me

Casual as black commanders  
Winning wars the ghosts of Flanders  
Shudder as their death enhances  
Quickly

Adelle Yvonne  
Long wide moments  
Adelle Yvonne  
Half closed eyes  
At shelter in Calais

Put up priests to complicate you  
Put up sheets to dust protect you  
Sliped your mind the words to warn  
You  
Tell me

Can't expect to test your valor  
After all there's only horror  
Still there's roads you shouldn't  
Follow  
Guide me.

Tell me  
Why her skirts are finer linen  
Is she  
Suffering the anguish found in  
Cowards
