"Say"

I'm completely
Mesmerized
Fascinated
So sublime
I'm forgetting
I'm denied
Undernourished
Have to cry
Say hello, say goodbye
Say good morning, say goodnight
Say I love you, say you might
With my leaving
My supply
Is diminished
Undignified
Lonely, lonely
Satisfy
Disappearing
In the light
To be certain
To be true
I insist I
Am with you
Words are flying
Through the sky
Catch them for me
With your eyes
I'm completely
Mesmerized
Fascinated
So sublime
Hear the cello
Violin
I am dying
To begin
