Only stones
That skim across the surface of the sea
I have thrown
To see if Neptune sends them back to me

If you talk
Then words will only splinter into sound
Where's the sun
When all your conversations shadow bound

Time waits for you
And I do too

Wind in the curtains
I am so certain
Did I hear your silky tune
Tapped on my window
You make the night glow
Then you're gone like the
Waves towards the moon

Presence felt
I can't see you but I know you're there
It's like you melt
And disappear like water in the air

Just a glimpse
Somewhere in the corner of my eye
Upon your lips
I will settle like a butterfly
