Say you're going to be there
At the rainstorm's end
Say you're going to be there
At the rainstorm's end
I know change
Say you're going to be there
At the rainbow's end
Say you're going to be there
At the rainbow's end
I know change
Say you're going to meet me
Don't be late
Say you're going to meet me
Don't be late
I know change
Say you want to meet me
At the rainstorm's end
Say you want to meet me
At the rainstorm's end
I know change
