[Lyrics: Daniel Mongrain]

"Don't waste what little time you have  
Been granted on complaints.  
And live your life to the fullest."

The past trespasses  
When now settles in  
Ephemeral experiences  
Fleeting memories  
Sacrificing a part of your life  
Hungry packs of illusions

No one will grieve or she'd a tear  
For stolen destinies  
Forsaken  
Regrets are your life's bitter legacy

Carpe Diem  
Your life is yours to create  
Carpe Diem  
So leave the past behind

[Lead: Pier-Luc Lampron]

[Lead: Daniel Mongrain]

Hope for a second chance  
Forever haunting you  
Time beyond reclaim  
Wasted in the past  
Living beside your virtual life  
Ad Vitam Aeternam
