[Lyrics: Francois Mongrain]

"Drown deep into your soul..."

Suffering screams fading away  
Buried are the scars of agony  
Forgotten decades of drying tears  
Still, I'm unceasingly dying

Under the staring eyes of the outraged  
I leave for a higher level of existence  
Hope for a translucent conscience  
Obsesses my ignorance

No more demons to exorcise  
Never will they materialize  
There's just one wish that I implore for  
But I can't afford it anymore.

I loathe your realm of glory and fame  
In a world so restrained, life's a pity  
I leave this world without regrets  
Without the pain, I should forget

Warp zone
