Nesting a seed of hate in my bones  
This a sacrament  
Telling me to hide away  
Never again will they have  
Strip the life out of their eyes  
A gift of torture  
Telling me there is no way  
Out of this fucked up world  
No way out of this dying world  
I dream of silence  
A place where only sadness lives  
A tongueless existence  
This muted life I give to you  
Another tragic hero  
That bastard child here is me  
Rejected from the womb  
This chance to live was my chance to breathe  
My Chance to breathe  
A ruthless bitch with a carrion smile  
Guides my hands and blinds me  
Give me life, give me death  
Show me how to hate them all  
I never asked any favors of them  
They never gave any in return  
A sad death of another sick mother fucker  
Another headline unread  
Carve my name in stone
