1.I'm running through the crowd, no one can see me
I feel like a part of me is just disappearing
Nobody looks inside my dreams, nobody hears me
I wanna be noticed, but without this feeling
That pushes me aside, I know what it's like
To be someone I'm not, just to get where you are
I run for my dreams, I can't let it go
I'm falling down and it makes me strong

Ref: I'm waiting for someone to help me out
With chasing down what I want,
I'm looking inside, I'm looking outside
For the things that I love
I left love of my life, just to get where stars are
But I've lost all I had
I don't know me anymore, part of me's gone
I want to run and never stop

2.Now I know it's time for me to go home
I gave up my whole life, even if I wasn't sure
Of how hard life could be, and how it is with no luck
I had full pockets of dreams, now it's all gone
I feel so bad, I feel so broken up inside

Ref: x1

I don't know me anymore, part of me's gone
