(x2):

(Have a little sympathy, have a little love for me)

If your lover wants to leave you
& there is nothing you can do
Push back your pride
& on bended knees, ask him to please forgive you

& if he really really loves you so
He won't want you to go
So run to his side
& on bended knees, ask him to please
Have a little sympathy

(x2):

(Have a little sympathy, have a little love for me)

This may seem hard to you
But finding a new love may be harder to do
So don't you wait until it's too late
Run to his side & apologize & say...

(repeat & fade):

(Have a little sympathy, have a little love for me)
