There may be clouds in the sky  
But even if it starts to rain  
My days are bright as can be  
You don't catch me complaining

Cause I've got a guy sweet as he can be  
And I love him like he loves me  
So what do I care if the sun don't shine  
As long as I know he's mine

He may down and out now  
He doesn't have a bunch of money  
But he'll make it one day  
Well, I've got my faith in my honey

He's broke right now but I don't care  
I try to make him feel like a millionaire  
So what do I care if he don't have a dime  
As long as I know he's mine

Doesn't matter if the wind don't blow  
Doesn't matter if the snow don't snow  
As long as I know that he is mine  
I ask you what do I care if the sun don't shine

Musical interlude

I'm gonna stick by him yeah all the way down the line  
I'm gonna follow his lead, that way if he should fall  
behind  
I don't think he's gonna lead me astray  
And I'll be with him every step of the way

So what do I care where the road may wind  
As long as I know he's mine

Don't you know that he's mine  
Come rain or come shine  
Gonna love him all the time  
Cause he's so fine

Tell you one more time

He's mine all mine  
Yeah yeah (fade out)
