Extra, extra! Read all about it!  
Lost love needs affection, can't live without it!

Hey hey paper boy, let me see your paper please  
Hey hey paper boy there, the story may be meant for  
me  
I left my love a short time ago  
Is he trying to find me? I've got to know  
Hey hey paper boy, is this a special edition?  
Hey hey paper boy there, or do I have competition?  
Who'll treat him kind & good true  
& do all the things I didn't do  
Hey hey (paper boy) Hey hey (paper boy) Hey hey  
(paper boy)

Now what'll I do? I can't seem to find a dime  
Won't you let me have a paper this time?  
Since the name of the paper is the Free Press  
Give me one & you can sell the rest

Hey hey paper boy, let me tell you what I'll do  
Hey hey paper boy there, if you'll let me read the story  
through  
I'll stand right here in the cold  
& yell "Extra special!" till your papers are sold  
Hey hey (paper boy) Hey hey (paper boy) Hey hey  
(paper boy)

(repeat & fade):  
Extra, extra! Read all about it!  
Lost love needs affection, can't live without it!
