I waited around, but you never came  
To my table, so tell me how, how in the hell  
That I'm gonna sleep  
I'm new in this town, but I'm old skool  
Cat with the ladies, and I can kick out a  
Phat love song without skipping a beat

Well you asked and I told you that I didn't know  
If it mattered or not that your tattoos show, I said  
I guess it all depends on where we're gonna go  
In or out

Chorus:

Tell me, tell me what it is that you wanna do  
I could stay all summer in a bed with you, take a  
Fastboat out across the ocean blue, whatever you  
wanna do

You took me town to a place where nobody new ya,  
'cause

You said you were getting tired of the typical scene  
I was kidding around 'bout the joke that I told  
but it threw ya  
When I told you that all of your friends were kinda  
mean

Well you're a better guilty pleasure than a day time  
show and  
You're getting more action than a g.i. joe, but I'll take  
what  
I can get if you let it all go in or out

(chorus)

Tell me tell me what it is that you wanna do  
I could stay all summer in a bed with you, wrap around  
you  
And cover ourselves in glue, whatever you wanna do

Tell me, tell me
