I was sticking to the sofa, when I saw you on the tube
A week of going solo now my heart is feeling so low so
I'm overdue
Got an asshole for a roommate and he drank up all my
booze
He spent his Fridays at the gym thoughts of me
evicting him
Never came true but I still think of you

This time could be the last time
I get to hear you say all that you wanna say
This line could be the last line
I'm gonna use on you just to get into you now

In my red and dirty sweat pants watch you up above my
bed
Your eyes are blue and starry with your hand on a
Ferrari
And the other on the back of your head
My friends are sorry for me, I never heard a word they
said
I'm taken by your slutty grace, and if they stole your
paper face
You know I think I'd rather be dead

This time could be the last time
I get to hear you say all that you wanna say
This line could be the last line
I'm gonna use on you just to get into you now

Somehow, something, somewhere in me told me to lie
About the sparks I said I saw on the 4th of July
All because I want you to want me
I need you to need me, love you to love me, yeah

This time could be the last time
I get to hear you say all that you wanna say
This line could be the last line
I'm gonna use on you just to get into you now

This time could be the last time
I get to hear you say all that you wanna say

This line could be the last line
I'm gonna use on you just to get into you now

Just to get into you now, just to get into you now
Just to get into you now, just to get into you now
