Distant lover, lover (lover, lover, lover)  
So many miles away  
How long, how i long for you  
Every night, every night  
And sometimes I yearn  
Through the day  
Distant lover (lover, lover, lover)  
You should think about me  
And say a prayer for me  
Please, please baby  
Think about me sometimes  
Think about me here  
Here in misery  
Oh say it baby  
As I reminisce, through our joyful summer together  
The promises we made baby  
All the daily letters  
Then, all of the sudden  
Everything seemed to explode  
WOW!  
Now I gaze out my window  
Sugar, down that lonesome road

Distant lover (lover, lover, lover)  
Sugar, how can you treat my heart  
So mean and cruel  
Didnt you know sugar that every moment  
That I spent with you  
I treasure it like it was a precious jewel  
Please, Lord have mercy  
Please, come back, baby  
I treasured it baby  
And You wanna leave  
Oh baby dont go  
Please, come back baby  
Somethin' I wanna say  
When you left  
You took all of me with you  
Now Lord, Do you wanna hear me scream  
Please please oh please baby  
Come back and home, girl  
Oh baby

Please Darlin  
Come back HOME!
