More
than the greatest love
the whole wide world has known
darling, this is the love i'm gonna give you
to you, you alone

well, More
than the simple words
the little things i try to say
darling, i'm gonna love you, love you
more each day

More
than you'll ever know
sugar, my arms long to hold you so
darling, my life will be in your keeping
waking, sleeping, honey, laughing, weeping

longer than always
i know that's a pretty long time
but far beyond forever
well, i know, i know you'll be mine

i know i never
darling, i never lived before
and my heart, my heart is so sure
no one else could love you More.
