One more heartache, I can't take it  
My heart is carryin' such a heavy load  
One more ache would break it

Just like the camel with the heavy back  
One last straw was added  
Said it broke the camel's back

Babe I can't take it, one more heartache  
It would turn me right around  
First you build my hopes up high  
And then you let me down

Like the house you built from toothpicks  
Stacked upon the kitchen table  
One more toothpick tore it down  
The foundation was not able

I can't stand it, no baby, believe me  
One more heartache  
One more heartache

One more heartache is too much load  
I'm fed up with the heartaches  
One more and I will explode

Like the toy balloon that's filled  
With as much air as it can take  
One more puff of air  
And that balloon has got to break

I can't stand it, I can't take it  
Oh baby don't do it  
Oh honey
