Oo the world's situation should be rated X, oh rated X
Said the world's situation should be rated X, yeah rated X

Listen people

Not only in the movie show

Take a look outside it's where the truth is really told

It's life in living color

Fighting, killing and dope dealing

It's everywhere

What about the crime, Rated X

What about the killing, fighting, stealing everywhere

They let the children see life destroyed

But they won't let them see it's making

What happened to God's creation

The one thing that really bothers me the most

Is how we commentate the lives of other folk

The world today is in a grave situation

Dirty water we can't drink, dirty air, it's so unfair

Na na na... Oh I know something is missing all over the world

Woo, rated X

I know something is missing all over the world

The world's situation should be rated X, rated X

Oh the world's situation should be rated X, oh rated X

What about the crime, Rated X

What about the air, Rated X

What about the killing, fighting, stealing everywhere

Then the children see life destroyed

But they don't let them see it's making

What happened to God's creation

Where's the love, where's the peace

Where's the joy, where's the hope for us all

Love is kneelin', rated X

Hate is overweight, rated X

The world's situation should be rated X, oh lord rated X

Do you hear me
