Oh when I feel the need for something
And I don't know what it is
Oh I just think of the first thing
That comes to my mind
It's my baby, it's my baby
Every time

When I get the taste for something
And I don't know what it is
I just think of the one thing
Oh that I'm really missing
It's my baby's kiss, it's my baby's sweet kisses
Every time

For every locked door
My baby has a key
Oh 'cause she can cure everything
That's ever wrong with me, yeah

When my arms reach out for something
And I don't know what it is
Oh I just close, close my eyes
And the first thing I visualise
Oh it's my sweet baby, my baby
Oh every time

Oh when I feel the need for something
My baby, my baby
Oh when I get the taste for something
My baby, my baby

Oh when my arms reach out for something
My baby, my baby
When I get the need for something
My baby, my baby
