Girl, I can't believe  
Not in my wildest dreams  
That you would do this to me  
That's why I'm standing here  
Baptized in all my tears  
How could you break my heart so easily?

I gotta let you know  
That's not the way I flow  
This thing is blowin' my mind  
After all that we been through  
How could you do what you do, baby, be so unkind

How could this be  
That you would just up and go away from me?  
How could you go?  
You got me feelin' like I'm kind of all alone

How could this be  
That you would just up and go away from me ?  
How could this be?  
You cannot tell me you didn't know I loved you so  
How could this?

I thought that we were both  
Seeing eye to eye  
How could you tell me that lie  
That you were down for me  
Like I was down for you  
How could you be so untrue?

I'm tryin' to figure out  
What were you thinkin' 'bout  
When you just walked out my life?  
'Coz every day I still wonder  
Would you be my wife, so tell me

How could this be  
That you would just up and go away from me  
And tell me how could you go?  
You got me feelin' like I'm kind of all alone

How could this be  
That you would just up and go away from me?  
How could this be?  
You cannot tell me you didn't know  
I loved you so, baby  
How could this be?

'Coz girl, I'm in a bad situation  
So tell me what am I supposed to do?  
I don't have a clue what I'm facin'  
I'm still in love with you

And every day I'm not with you  
My heart is slowly breakin'  
I don't wanna be right  
When you always do me wrong  
So why am I singin' this song?

How could this be  
That you would just up and go away from me?  
So tell me how could you go?  
You got me feelin' like I'm kind of all alone

So tell me how could this be  
That you would just up and go away from me?  
I don't believe it  
How could this be?  
I can't concede it, baby, you didn't know  
I loved you so, oh  
How could this be?

See my mama cannot tell me  
My father cannot tell me  
My sister cannot tell me  
My brother cannot tell me

How could this happen to me?  
How could you do this to me?  
How could you break my heart when I was down?

How could this be  
That you would just up and go away from me?  
How could this be?  
How could this be  
That you would just up and go away from me?  
How could you go?
