You have turned into a prayer  
I can feel you almost there  
Closer, closer to the top  
Lookin' down is quite a drop

Let me have it all  
Let me have it all  
Come on let me have it all  
Let me have it all

Hold no grudge from yesterday  
It got up and flew away  
I want my cake and eat it too  
Can't wait to stick my fork in you  
Make me feel just like a king  
Everything is everything

Come on let me have it all  
Let me have it all  
Let me have it all  
I've got to have it all

You have turned into a prayer  
I can feel you almost there  
You set up a barrier, yeah  
Don't ya know I'll marry you

Just to be near you is to be  
Let me have the rest of me  
Closer, closer to the top  
Lookin' down is quite a drop

You've got, got to  
Let me have it all  
Let me have it all  
Wanna let me have it all  
Let me have it all

Let me have it all  
Let me have it all  
Let me have it all
