Girl, I've had some good, I've had some bad in my days

I never knew someone like you would come my way
To tell the truth, I can't help but be a little afraid
I think your love might be a little too much for me

(Now we can get sexual)

Girl, I wanna be down everyday and night

(Now we can get sexual)

Just as long as you know my sexual capacity

(Now we can get sexual)

I'm dyin', I'm tryin', I wanna

I'm afraid that your lovin' might just be a little too much for me

Girl, I've paid the dues, I've made the rules all before
I've seen them beg, I made them plead for more

But I've never seen nothing better babe

I am a little afraid I think your love might be a little too much for me

And I gotta say

(Now we can get sexual)

Girl, I wanna be down everyday and night

(Now we can get sexual)

Just as long as you know my sexual capacity

(Now we can get sexual)

I'm dyin', I'm tryin', I wanna

(I'm dyin', I'm tryin', oh)

I'm afraid that your lovin' might just be a little too much for me

(That your life end might be)

(A little to much)

Oh girl your love might be a little too much for me

(A little to much, a little too much)

Girl your love might be, sexual capacity

(A little to much)

Girl your love might be a little too much for me

(A little to much, a little too much)

Girl your love might be a little too much, a little too much for me, yeah

(A little to much)

I wanna, I wanna be down
I wanna, I wanna be down
I wanna, I wanna be down
I wanna, I wanna be down
(Yeah)

(Now we can get sexual)
Girl, I wanna be down everyday and night
(Now we can get sexual)
Just as long as you know my sexual capacity
(Now we can get sexual)
I?m dyin?, I?m tryin?, I wanna
(I?m dyin?, I?m tryin?, oh)
I?m afraid that your lovin? might just be a little too
much for me
(Afraid, might be, too much)

(A little to much)
Girl your love might be a little too much for me
(A little to much, a little too much)
Girl your love might be, sexual capacity
(A little to much)
Girl your love might be a little too much for me
(A little to much, a little too much)
A little too much
(A little to much, a little too much for me)

Baby I
(I want to be with you)
(Wanna? be)
(There?s nothing I won't do)
Nothing I won't do baby
(I said, I)
(I want to be with you)
(You're a little too much, a little too much for me)

There?s just somethin? I wanna say to you, baby
(Now we can get sexual and I wanna be down every day
and night)
I just can?t handle it
(Now we can get sexual just as long as you know my
sexual capacity)
No no no no
(Now we can get sexual, I?m dyin?, I?m tryin?, I wanna)
