Ooh baby, I care
Baby

I knew you were the perfect girl for my love
For you I thank the stars in the Heaven above
Love of my life, time was on our side
Oh sweet girl, it took you quite a while to hold my hand
I was patient baby, it was all in the plan, oh sweet love
is blind

I showered you with kisses and flowers
I held you through the days and the midnight hours
Did it all because that I wanted to open your heart and
make

You trust me, my baby trust me
Baby, you trust me, I only want is you trust me

The meaning in my life a sunny day
I need you as a light to show me the way
You're a vision of love, ooh baby didn't you know
Our love is gonna last until the end
You're never gonna have to be alone again
Oh no, I'll never let you go

Girl 'cause I showered you with kisses and flowers
Day after day to the midnight hours
Did it all because that I wanted to open your heart and
make

You trust me, my baby trust me
Baby, trust me, I only want you to trust me

Just a little more time, girl I know you'll be mine
Just a little more, just a little
And with a little more love, girl I know that it's just
Just a matter of trust

Just a little more time, girl I know you'll be mine
Just a little more, just a little
And with a little more love, girl I know that it's just
Just a matter of trust

Girl, if you really want me, I really want to be
Right there by your side or eternity
And if you really wanna know
I'll never let you go my baby, baby
Ooh, I only want you to trust me

Baby, trust me
[Incomprehensible]
Trust me, baby, trust me
[Incomprehensible]
