Always the wallflower, the girl in the comfortable chair
Come the eleventh hour, I'd be the one still there
Watching the world go by, hoping someone would
catch my eye
And wake me up in time, in time to fly

Maybe one of these days
Maybe one of these nights in the dark
Maybe I'll see a light, come alive
And feel a... Spark

All those grainy memories, turning cinematic, now
Dolly round a kiss
Oh my God, That was lovely, I wonder if love feels like
this
All of your world spinning round, all of the answers
found in someone
My friends say be strong, be patient, take your time, I
know, I try

Maybe one of these days
Maybe one of these nights in the dark
Maybe I'll see a light come alive
And feel a... Spark

I can go through the motions
I can smile and laugh at all the right times
Strike a pose, wind blowing, staring at the ocean
And still, am I that hard to recognize

Maybe one of these days
Maybe one of these nights in the dark
Maybe I'll see a light come alive
And feel a... Spark
